3. Approve/Modify Minutes of March 31, 2009:

4. Update on Drug Court:

Judge Zuidmulder thanked the Board for its support with regard to establishing a Drug Court in the community. Judge Zuidmulder stated that Brown County

approved funding in November for this program, and a staff person had been hired. He indicated that he attended training in Nashville, which provided education on the magnitude of the drug problem and the various types of drug programs in the country.

Judge Zuidmulder stated that the population selected for the Brown County Drug Court is 3rd or 4th felony, nonviolent offenders whose offenses are driven by an alcohol or drug abuse problem. This population statistically has been the most successful nationwide, because of the highly supervised nature of this three-phase program. Judge Zuidmulder stated that these programs "prove that coerced treatment actually works." Judge Kelley asked if there was a target number of participants in this program, and Judge Zuidmulder indicated that he is hoping to serve 15 to 25 clients.

Judge Zuidmulder distributed a draft of the "Drug Court Program Manual" and the contact information for the Drug Court Coordinator. (See attachment.) He stated that he hopes to have the Drug Court functioning by the middle of May or the middle of June.

Motion made by Supervisor Evans and seconded by DA Zakowski to receive and place on file. Vote taken. MOTION APPROVED UNANIMOUSLY.

(Move to Item No. 7 on the Agenda.)

6. Report from the District Attorney Regarding Drug Prosecution:

DA Zakowski distributed a revised listing of drug charges filed during the First Quarter, 2009. (See attachment.) DA Zakowski stated that this is current as of 2-3 weeks ago and will be updated. He asked if there was additional information that the Board would like on this report. Judge Kelley requested that the number of convictions be indicated for the "Convictions Outside of Brown County."

DA Zakowski asked if details of asset forfeiture would be helpful on this report and also whether tabulation by drug offense, asset forfeiture, race, age, etc. could be useful. The general consensus was that these additional items could be helpful.

Supervisor Evans expressed concern that conclusions could be drawn as to a person's guilt. Judge Kelley suggested that another column be added for "Date of Conviction" in order to resolve that issue.

DA Zakowski will bring a revised draft to the next meeting.

Motion made by Jeffrey Jazgar and seconded by Dr. Wellens to put on the Agenda for next month.

Vote taken. MOTION APPROVED UNANIMOUSLY.

(Move to Item No. 4 on the Agenda.)

7. Potential Community Drug Education Programs:

Motion made by DA Zakowski and seconded by Jeffrey Jazgar to place on next month's Agenda. Vote taken. MOTION APPROVED UNANIMOUSLY.

(Move to Item No. 9 on the Agenda.)

8. Such Other Matters as Authorized by Law:

Supervisor Evans asked Sheriff Kocken for an update on the recent drug arrests in Brown County. Sheriff Kocken stated that last week 14 drug warrants were executed, with 12 persons arrested and 10 persons detained by Immigration and Customs Enforcement.

Sheriff Kocken also stated that the 11-month investigation resulted in the confiscation of over 4 kilos of cocaine and approximately 12 cars. The Board congratulated Sheriff Kocken on this success.

Judge Kelley asked if there was any objection to identifying the name of each responsible party parenthetically next to the appropriate item on future agendas. The general consensus was that this would be helpful to the Board members.

Jeffrey Jazgar stated that the "video court was broken down today," which meant that 15 inmates had to be transported in 2 vans to the Courthouse. Jeffrey Cano said it was broken yesterday as well.

(Move to Item No. 6 on the Agenda.)

Program Manual**

Brown County Drug Court Program

I. MISSION STATEMENT

The mission of the Brown County Drug Court is to improve the overall quality of life in our community by providing a court-supervised program for substance dependent offenders that will enhance public safety, reduce crime, hold offenders accountable, reduce costs to our community, and to ultimately transform these offenders into positive, contributing members of our community.

II. INTRODUCTION

The Brown County Drug Court Program is a court that is specifically designated and staffed to handle cases involving dependent offenders through an intensive, judicially-monitored program of drug and alcohol treatment, rehabilitation services, and strict community supervision.

The Drug Court concept is based on an innovative program that was first developed in Miami, Florida in 1989. The Drug Court concept has since received widespread attention as an effective treatment strategy for drug-involved criminal offenders. There are more than 2,300 such programs now in operation in jurisdictions throughout the nation.

Drug Courts are built upon a unique partnership between the criminal justice system and drug treatment community, one that structures treatment intervention around the authority and personal involvement of a Drug Court Judge. Drug Courts are also dependent upon the creation of a non-adversarial courtroom atmosphere where a judge and a dedicated team of court officers and staff work together toward a common goal of breaking the cycle of drug/alcohol abuse and criminal behavior.

Because of the unique problems and opportunities that present themselves in working with drug/alcohol-involved criminal offenders, treatment and rehabilitation strategies must be evidence-based and best practice. Drug Court programs must therefore recognize:

- Addicts are most vulnerable to successful intervention when they are in the crisis of initial arrest and incarceration, so intervention must be immediate and up-front.
- Preventing gaps in communication and ensuring offender accountability are critically important. Therefore, court supervision must be highly coordinated and very comprehensive.
- Addiction to drugs/alcohol is a longstanding, debilitating, and insidious condition, so treatment must be long-term and comprehensive.
- Addiction to drugs/alcohol seldom exists in isolation from other serious problems that undermine rehabilitation, so treatment must include integration of other available services and resources such as educational assessments, vocational assessments/training, and job placement.
- Relapse and intermittent advancement are part of the recovery process, so progressive sanctions and incentives must be integral to the Drug Court Program strategy.

The goals of the Brown County Drug Court Program are:

- Enhance public safety
- Hold offenders accountable
- Reduce costs to our community
- Ultimately transform offenders into positive, contributing members of our community

III. DRUG COURT TEAM

The Drug Court Team comprises of individuals from a variety of disciplines that come together to handle cases involving dependent offenders through an intensive, judicially-monitored program of drug and alcohol treatment, rehabilitation services, and strict community supervision. The following is a list of the Drug Court Team members and a summary of each individual's role:

- One or more Circuit Court Judges – a Drug Court Judge presides over non-adversarial court appearances for Drug Court appearances and leads the Drug Court Team in creating a participant-focused recovery program.
- A representative from the District Attorney's office – A Drug Court Prosecutor is usually the "gate keeper" and selects offenders who participate in the program; he/she obtains prior criminal histories of offenders, participates in team meetings and attends non-adversarial court proceedings.

- A representative from the Public Defender's office – A Drug Court Defense Attorney informs the Drug Court participant about the rigors of Drug Court, preserves all legal rights of the participant, advocates for fair and equal treatment of the participant, participates in team meetings and attends non-adversarial court proceedings.
- A Probation and Parole Agent – A Drug Court Probation and Parole Agent actively monitors Drug Court participants outside the Drug Court setting including conducting home and job visits and drug testing. All participant contact is documented and visits logged to help encourage positive participant behavior.
- A representative from law enforcement – A Drug Court law enforcement officer actively monitors Drug Court participants outside of the Drug Court setting including conducting home and job visits and drug testing. All participant contact is documented and visits logged to help encourage positive participant behavior.
- The Drug Court Coordinator – A Drug Court Coordinator completes clinical screening and assessment, develops the Drug Court treatment plan with the participant, actively monitors Drug Court participants outside the Drug Court setting including home and job visits and drug testing, maintains participant data, prepares participant progress reports, coordinates services from each discipline and the local community, in a manner that is most therapeutic to the Drug Court participant.
- An evaluator – A Drug Court evaluator assists the Drug Court Team in developing, capturing, and communicating useful and useable information for key stakeholders and other audiences.
- Treatment personnel – A Drug Court treatment provider provides rehabilitative therapy sessions, drug screening, case management and monitoring for Drug Court participants in keeping with the recovery of the Drug Court participant. Additionally, within the bounds of ethics and legalities, a Drug Court treatment provider shares information regarding the progress of a participant in appropriate settings to all Drug Court Team Members.

IV. ELIGIBILITY STANDARDS

Persons meeting the following criteria will be considered for admission to the Brown County Drug Court Program:

- Brown County Resident
- Not subject to jurisdiction of juvenile court and satisfies age standards of treatment providers
- Offense is non-violent – possession, use or sale of a controlled substance or a crime resulting from/motivated by substance abuse/addiction/dependency
- Participant has been convicted of the offense
- No prior violent felony convictions – WI 941.291(1)(b)
- No prior/current convictions involving use of dangerous weapon
- No prior/current sex offenses, stalking, arson, or kidnapping offenses

- AODA assessment determines a need for treatment
- Voluntary agreement to participate and abide by the rules of the Drug Court
- Willingness to address issues of abuse/dependency/addiction
- Ability to physically participate in treatment

V. REFERRAL & ENTRY PROCESS

Referrals to the Drug Court Program should take place as soon as possible after the arrest of a potential participant. Referrals may come from the following sources:

- The arresting agency
- The District Attorney's office
- The Public Defender or Defense Attorney
- A Probation and Parole Agent
- A Brown County Circuit Court Judge or Court Commissioner
- A family member
- A current treatment provider
- A concerned citizen

Once a referral to the Drug Court Program is made, the assessment/interview process will commence. It is anticipated that most referrals will be based on joint recommendations of the District Attorney and the defense attorney after plea negotiations are completed. In appropriate cases, for a defendant to be eligible at the appropriate time of the legal process, plea negotiations **MUST** be completed at the earliest possible time after arrest. Delay in referral may result in an unsuccessful application.

VI. COURT PROCEEDINGS

The Drug Court calendar is a priority and will be a specialized, separate court, operating on an as needed basis, and dedicated to the evaluation, treatment, and supervision of eligible and suitable offenders. The Drug Court shall be held each Friday, except as ordered by the court.

A closed staffing will take place at 1:00 p.m., or as otherwise directed by the Drug Court Judge. At the staffing, the Drug Court Team will advise the Drug Court Judge of the progress or any violation of each participant.

During each Drug Court hearing, the Drug Court Judge may discuss the case with each participant, the treatment provider, any family members, and any other persons interested in the welfare of the Drug Court participant who is present, as the court deems appropriate. Sanctions will be imposed for violations. All hearings will be held "off the record," except when termination is contemplated or imposed.

All Drug Court participants must be in the courtroom at 2:00 p.m, unless otherwise excused by the Drug Court Judge or the Drug Court Coordinator. Attendance is required as follows:

- Phase I participants attend Drug Court every week
- Phase II participants attend Drug Court every other week
- Phase III participants attend once per month

VII. PROGRAM REQUIREMENTS

Program Rules

Drug Court participants are required to abide by the rules outlined in the participant contract, including, but not limited to, the following:

Comment: Need to review all phases, time frames of sobriety, and decide if we want a point system. Comment: Need to review and discuss this section.

The Drug Court Judge and the Drug Court Team will acknowledge compliance by Drug Court participants. Incentives can include, but are not limited to, the following:

- Applause/special recognition
- Verbal praise, from the Judge
- Vouchers (bus, gas, food, video, haircut, dental assistance etc.)
- Candy
- Day trip
- Decrease in testing
- Decrease in court appearances
- Tickets (concerts, movies, sporting events, art fairs etc.)
- Fee reduction/waive fees
- Phase acceleration
- Cookies/cake/pizza
- Family praise
- Books
- Grant or increase travel privileges
- Fish bowl drawings

Supervision

Comment: Need to discuss supervision expectations.

A critical component of successful Drug Court participation involves intense supervision to determine compliance with the rules of the Drug Court Program. The minimum schedule of supervision is outlined in each phase of the program.

Drug Testing

Comment: Need to discuss and define testing procedures and protocol, where and who will conduct testing, and verify the prices/contract Human Services is utilizing for testing kits. Note: Winnebago is planning to contract out drug testing.

Each client is subject to random testing for the purpose of detecting the unauthorized use of alcohol or controlled substances under the following program. The minimum schedule of drug testing is outlined in each phase of the program. Any participant is subject to testing at any time.

The Drug Court Judge, the Drug Court Coordinator, the Department of Community Corrections, the treatment providers, the Brown County Department of Human Services, and any officer or deputy working with the authority of the Drug Court Program may request testing of a Drug Court participant at any time.

Upon request, the Drug Court participant shall immediately deliver the requested sample. If a sample is not produced, is not of sufficient quantity, or is adulterated in any way, it will be treated as a positive sample for the presence of unauthorized drugs or alcohol.

Prior to delivering the sample, the Drug Court participant will be asked whether or not the test will be positive. If the Drug Court participant acknowledges that the test will be positive, it will be considered a positive test, and the test may not take place. If the Drug Court participant indicates the test will be negative but the test is found to be positive, the Drug Court participant will be informed of the positive result and assessed the test fee. The Drug Court participant will be given an opportunity to request a confirming test. If the confirming test is positive, participant will be assessed a fee for both tests. The cost of the tests must be paid within 30 days of when the confirming test was administered. Participants will be subject to sanctions for both the positive test results as well as for lying to the Drug Court staff. If the confirming test is negative all fees associated with the first and confirming test will be waived.

Treatment & Rehabilitation Services

Comment: Need to review this new section.

Each Drug Court participant shall be clinically screened and assessed by the Drug Court Coordinator for substance use disorders prior to acceptance into the Drug Court Program. A Drug Court Treatment Plan will be developed by the Drug Court Coordinator and the participant. Appropriate levels of care for substance use disorders will be recommended and required. In addition, referrals for mental health assessments or other ancillary services may be made. Participants are required to comply with all recommendations of the Drug Court Coordinator and the Drug Court Team.

Costs

Comment: Need to review and discuss.
Note: Winnebago may be making changes to their payment time frames.
Need to decide if we will also list the costs/fees for drug testing.

Each Drug Court participant shall pay the sum of \$750 to participate in the program. \$250 of this amount can be earned by doing community service work. It is expected that each Drug Court participant will pay \$100 per month commencing in Phase II, and continuing until paid in full.

Expulsion Process

Comment: Need a "Motion for Expulsion" form that includes the rules violated and reasons for expulsion, and why there are no reasonable alternatives.

Upon request of two or more Drug Court Team members, the Drug Court Team (without the presence of the Drug Court Judges) will meet with the Drug Court participant to provide the participant with the opportunity to explain to the Drug Court Team why the participant should not be expelled from the Drug Court. Following this meeting, the Drug Court Team will meet privately to decide if the participant will be expelled and upon a majority vote for expulsion, a "Motion for Expulsion," setting forth the reason for the expulsion, will be made to a Drug Court Judge. After the Team meets with this Drug Court Judge and is in agreement, the Drug Court Team will notify the participant of the decision. At this time, the participant will be given the option to have an "Expulsion Hearing" to be set before a different Drug Court Judge as soon as possible.

If requested, the Expulsion Hearing will be on the record in open court and the participant is entitled to legal representation. *The rules of Evidence do not apply in the "Expulsion Hearing."* If the Drug Court Judge finds to a reasonable certainty by the greater weight of credible evidence that the participant violated the Drug Court rules that constitute grounds for termination and there is no reasonable alternative to termination, the participant shall be removed from the program.

Voluntary Removal

A Drug Court participant will **not** have the option to quit the Drug Court Program. Successful completion of, or expulsion from, the Drug Court Program is the only acceptable way to leave the Drug Court Program.

VIII. DRUG COURT FILES

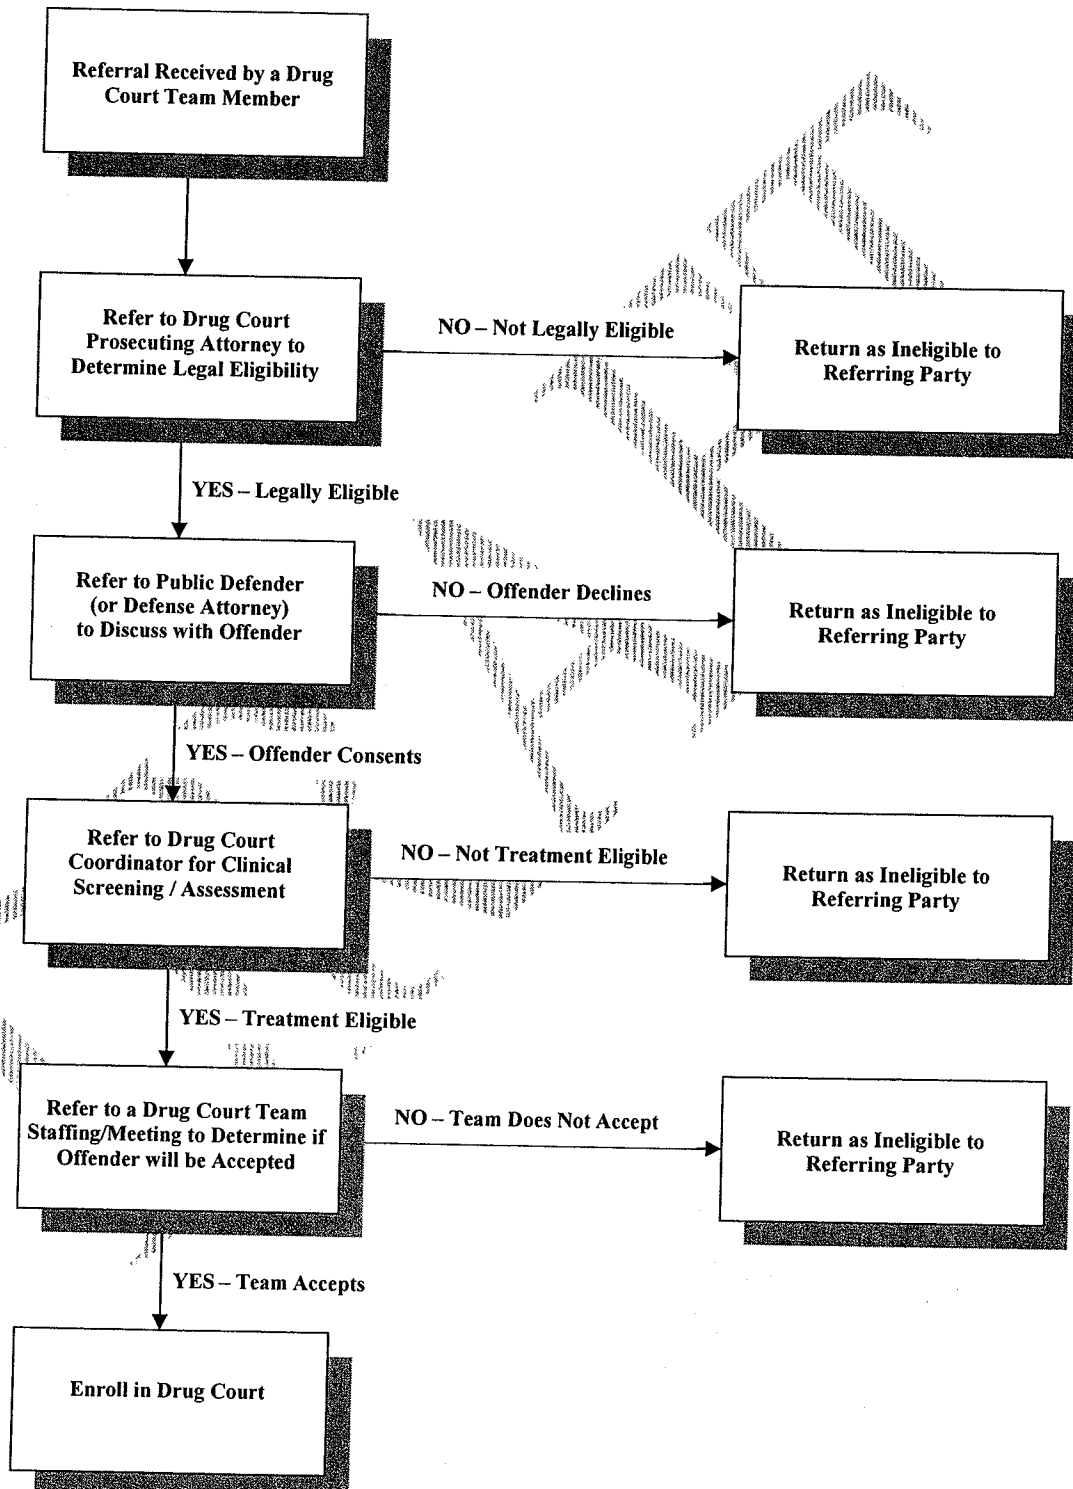

Comment: Need to discuss how to develop/maintain files with Corporation Counsel and decide on format.

Drug Court files are separate and distinct from Circuit Court files and District Attorney's office files. All Drug Court files are **confidential** and are not open to the general public. All such files shall be under the sole and exclusive control of the Drug Court Coordinator. All files shall be maintained in a confidential manner, ~~readily identifiable by color coding.~~ Each Drug Court participant will be assigned a unique case number, as follows: [last two digits of entering year]-DCP-[sequential number of the Drug Court participant] (i.e. 06-DCP-001). Drug Court participant's confidentiality is protected under the Federal Drug and Alcohol Confidentiality Law 42 C.F.R Part 2.

Judge, DA, SPD, probation agent, treatment provider and Drug Court coordinator each maintain their own file on each participant--all files are confidential.
